

EXPERIENCE

Grounded Packaging

JUNIOR SOFTWARE ENGINEER
SEP 2021 - JULY 2022

Collaborated effectively within a team environment, implementing the Scrum framework to optimize task execution. Contributed to the enhancement and maintenance of the company website by leveraging a blend of React and Ruby on Rails. Played a key role in the development of a cutting-edge platform, integrating TypeScript and GraphQL into the existing technology stack.

The Boathouse Group

SOUS CHEF
FEB 2015 - SEP 2020

Facilitating clear communication across all sections of the cafe to ensure a streamlined and efficient service. Orchestrating a team of five chefs to achieve and maintain a high standard of quality with optimal timing.

The Manly Club

CHEF
MAY 2022 - PRESENT

As a chef in a busy restaurant, I excelled in time management, consistently delivering high-quality meals under pressure. Adaptability was key as I navigated changing circumstances and customer demands, ensuring satisfaction with every dish. Teamwork was essential for the smooth operation of the kitchen.

EDUCATION BACKGROUND

General Assembly Australia - Software Engineering Immersive

SEP 2020 - DEC 2020

Acquired a robust software engineering skill set from esteemed practitioners during the immersive bootcamp course. Benefitted from top-tier instruction at GA, featuring a curriculum validated by industry standards, extensive hands-on coding practice, and the completion of real-world projects.
